

2022 Community Benefit Report

At Monroe County Medical Center, we take pride in being engaged with our community partners to enhance health and quality of life in our community. With the help of dedicated physicians, employees, and board members, along with your ongoing support and encouragement, we continue our pursuit of excellence.

With COVID continuing to impact our community during the past year, we maintained our focus on strengthening the quality of care being provided close to home. There are other ways we make a positive impact on the communities we serve, including:

Charity and other uncompensated care		\$	475,650
Includes unpaid cost of Medicaid as well as charity and other uncompensated care			
Community benefit programs		\$	40,021
Community health improvements	\$ 19,616		
Health professions education	\$ 0		
Subsidized health services	\$ 20,405		
2022 Total		\$	515,671

With an annual payroll of \$10,957,111 and 241 employees, Monroe County Medical Center is one of the largest employers in Monroe County. This means our staff and family members attend many of the same schools, shop at the same stores, and volunteer their time and resources for the same organizations as you do.

Thank you for putting your trust in us to provide the quality medical care you need and deserve. With your support, we can continue making the communities we call home healthier places to live.
